The Department of Motor Vehicles (the department) proposes to adopt Section 253.02 and amend Section 345.16 in Chapter 1, Division 1 of Title 13, California Code of Regulations.

PUBLIC HEARING

A public hearing regarding this proposed regulatory action is not scheduled. However, a public hearing will be held if any interested person or his or her duly authorized representative requests a public hearing to be held relevant to the proposed action by submitting a written request to the contact person identified in this notice no later than 5:00 P.M., fifteen (15) days prior to the close of the written comment period.

DEADLINE FOR WRITTEN COMMENTS

Any interested person or his or her duly authorized representative may submit written comments relevant to the proposed regulations to the contact person identified in this notice. All written comments must be received at the department no later than 5:00 P.M., **August 29, 2005**, the final day of the written comment period, in order for them to be considered by the department before it adopts the proposed regulation.

AUTHORITY AND REFERENCE

The department proposes to adopt this regulation under the authority granted by sections 1651, 1665 and 11202(a)(2), of the Vehicle Code in order to implement, interpret or make specific sections 11105, 11105.2, 11105.6, 11204, 11208, 11409, 11410, 11508, 11620 and 11704.5 of the Vehicle Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law in Vehicle Code section 1665 authorizes the department to provide for the issuance or renewal on a two-year basis of licenses or other indicia of authority issued by the department. Section 1665 authorizes the department to set the fee for such two-year licenses, certificate of registration, or other indicia not to exceed twice the annual fee for issuance or renewal set by statute.

The proposed regulation provides the department shall issue a two-year term renewal license to specified occupational licenses on a staggered basis. The issuance of a two-year term license allows the department to align the license expiration dates with other biennial licensing requirements. The provision allows the department to adopt a licensing process that staggers license expiration dates to effectively control the annual volume of applications received by the department for processing, resulting in uniform workloads and increased oversight of the licensing programs. The regulation will establish the fee for a two-year license and related indicia of authority.

FISCAL IMPACT STATEMENT

- Cost or Savings To Any State Agency: None.

- Other Non-Discretionary Cost or Savings to Local Agencies: None.
- Costs or Savings in Federal Funding to the State: None.
- Cost Impact on Representative Private Persons or Businesses: The department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- Effect on Housing Costs: None.

DETERMINATIONS

The department has made the following initial determinations concerning the proposed regulatory action:

- The proposed regulatory action will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. This regulatory action proposed by the department will allow certain occupational licensees to obtain a two-year term license.
- The adoption of this regulation is not expected to create or eliminate jobs or businesses in the state of California or reduce or expand businesses currently doing business in the state of California. It will allow certain occupational licensees to operate longer under a license.
- The proposed regulatory action will not impose a mandate on local agencies or school districts, or a mandate that requires reimbursement pursuant to part 7 (commencing with Section 17500) of Division 4 of the Government Code.
- The proposed regulatory action will affect small businesses. Occupational licensees that are small businesses may have a two-year instead of a one-year license.

PUBLIC DISCUSSIONS OF PROPOSED REGULATIONS

A pre-notice workshop, pursuant to Government Code section 11346.45, is not required because the issues addressed in the proposal are not so complex or large in number that they cannot easily be reviewed during the comment period.

ALTERNATIVES CONSIDERED

The department must determine that no reasonable alternative considered by the department or that has otherwise been identified and brought to the attention of the department would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action.
